

Join our 2024 Crows' Feat Farm Share!

Come shop the Crows' Feat Farm stand (soon to be farm store!) from June 22nd through September 21st next year.

We keep it simple: Just fill one medium (9x12x7) or large (12x17x7) basket each time you visit. The cost is \$350 for a medium basket, or \$500 for a large basket over the entire season. You can take whatever you want or need for the coming week. We send participants a notice every Thursday of what we're harvesting for the week ahead, so you can pick and choose how much of each item you'd like. A few items may be subject to limits or priced separately, but most of our produce is included in our farm share.

Here's the timing: There are 14 Saturdays from late June to late September, but since most people are traveling or busy at least two weekends every summer, we price our share based on 12 visits to the farm. You can also pick up your share at the Exeter farmers' market every Thursday.

Here's what we have to offer: To whet your appetite, here is a list of what we've grown this summer – with quantities fit to share, including multiple varieties and colors of each. In addition to fresh produce, we offer seedlings, flowers, fruits, prepared foods, and our finest pasture-raised chickens and eggs

We will have more next year: We are a permaculture farm, focused on sustainable growing practices, with an increasing number of perennial foods and flowers each year. We plan to offer more fruit in 2024!

Come grow with us!

If you'd like to participate, please contact karen@crowsfeatfarm.org, or call 603-498-6262 with any questions.
